The Commission,

Noting that a number of Acceding States and non-Contracting Parties not participating in the Catch Documentation Scheme for *Dissostichus* spp., as set out in Conservation Measure 10-05, continue to trade in *Dissostichus* spp.,

Recognising that these Acceding States and non-Contracting Parties thus do not participate in the landing procedures for *Dissostichus* spp. accompanied by *Dissostichus* Catch Documents,

urges Contracting Parties,

When licensing a vessel to fish for *Dissostichus* spp. either inside the Convention Area under Conservation Measure 10-02, or on the high seas, to require, as a condition of that licence<sup>1</sup>, that the vessel should land catches only in States that are fully implementing the CDS; and to attach to the licence a list of all Acceding States and non-Contracting Parties that are fully implementing the Catch Documentation Scheme.
